

## Groom's Wedding Toasts to his Parents

I would like to propose a toast to my parents. Mom and Dad , although it's really difficult for me to put my feelings into words , I want you to know how much I appreciate your love and encouragement thtough all the years you;ve made a lot of sacrifices for me. Especially when I was struggling to get through college , and I'll never forget it. You're the best parents a son could ever have , and you've set a wonderful example for me of what a really good marriage should be. Thank you for helping make our wedding day so special. To my Mom and Dad.
